

AHMED EWEEES

Helwan,Cairo,Egypt | +201014955763 | Ahmedewaisvi34@gmail.com | www.greatsiteaddress.com

I am a dedicated front-end developer with a strong passion for creating captivating and user-friendly interfaces. Proficient in HTML, CSS, and JavaScript, I have a keen eye for detail and a deep understanding of front-end development principles. My goal-oriented mindset and commitment to staying updated with the latest industry trends enable me to deliver exceptional results.

Driven by a desire for continuous growth and expanding my skill set, I am currently on a journey to become a full-stack developer. I am actively learning back-end technologies such as server-side scripting and databases, as well as gaining proficiency in frameworks like Node.js and Python. This transition allows me to handle both front-end and back-end responsibilities, empowering me to create more dynamic and robust applications.

By combining my front-end expertise with my ongoing full-stack learning, I am equipped to tackle complex development challenges and contribute to the entire web development process. I am excited to apply my expanding skill set to create seamless and impactful digital experiences while continuously pushing the boundaries of my abilities.

PROJECTS

1-CRUD-APP====>[\(HERE\)](#)

Building CRUD-APP using HTML-CSS-JS
